Thank you for reaching out to express your views.

The University of Alberta values academic freedom and institutional autonomy as fundamental to open inquiry and the pursuit of truth. Above all, we value intellectual integrity, freedom of inquiry and expression, and the equality and dignity of all persons as the foundation of ethical conduct in research, teaching, learning, and service.

With this in mind, we would like to clarify that Kathleen Lowrey's academic appointment as Associate Professor in the Department of Anthropology at the University of Alberta has not changed. Her research and teaching efforts continue, including her exploration of gender-critical feminism.

For privacy reasons, we cannot comment on the status of any one individual's administrative appointment.

Again, thank you for taking the time to share your thoughts,

Lesley Cormack
Dean, Faculty of Arts
